In re Application of: BROWN et al.)

Application No.: 10/047,440)

Group Art Unit: 1754

Filed: January 14, 2002)

Examiner: S. Bos

For: PROCESS FOR PRODUCING NIOBIUM AND TANTALUM COMPOUNDS

SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT
PURSUANT TO 37 CFR 1.97(b)

Assistant Commissioner for Patents
Washington, D.C. 20231

February 18, 2003

Sir:

The attention of the Patent and Trademark Office is hereby directed to the attached information. These attachments summarize analytical results from 1984, 1986, 1987, and 1995, specifically relating to niobium and tantalum compounds, which were possibly available to the public.

This Information Disclosure Statement is being submitted after expiration of the three-month period following filing of the above-captioned application, but before an Office Action on the merits and before any Final Office Action or Notice of Allowance.

Should a first Office Action cross in the mail with the filing of this Supplemental Information Disclosure statement, then applicants respectfully petition under 37 C.F.R. § 1.97(c) to consider the documents set forth in the Information Disclosure Statement.

The above information is presented so that the Patent and Trademark Office can, in the first instance, determine any materiality thereof to the claimed invention. See 37 CFR 1.104(a) and 1.106(b) concerning the PTO duty to consider and use any such information. It is respectfully

Supplemental Information Disclosure Statement
U.S. Patent Application No. 10/047,440

requested that the information be expressly considered during the prosecution of this application, and that the attached documents be made of record therein and appear on the first page of any patent to issue therefrom.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that each or all of the listed documents are material or constitute "prior art." If the Examiner applies any of the documents as prior art against any claim in this application and applicants determine that the cited documents do not constitute "prior art" under United States law, applicants reserve the right to present to the office the relevant facts and law regarding the appropriate status of such documents.

Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.

It is believed that no fee is required to make this a complete and timely filing. However, if it is determined that a petition or fee is required, the Commissioner is hereby authorized to charge any fee associated with this statement to our Deposit Account No. 03-0060 and please consider this a petition.

Respectfully submitted,

Luke A. Kilyk
